

*Our Airport is a diverse community with special people, places and events that make the Guam International Airport an exciting and unique place to work and travel. See our top three picks of what you need to know, and get the latest news about GUAM's only commercial airport!*

## PEOPLE

Airport Employees  
 Elect New  
 GIAAEO Officers

The Guam International Airport Authority Employee Organization (GIAAEO) held elections on Nov. 17th & 18th to elect their new officers. Austin Grant was re-elected President while Nikki Perez was elected Vice President. Jessica Fujikawa returns as Secretary and Michelle Puno takes on the job of Treasurer.

## PLACES

Airport Terminal  
 Getting Decked  
 for the Holidays

"It's beginning to look a lot like Christmas!" Santa's elves have been busy getting the massive Airport terminal ready for the holidays. The Ticket Lobbies feature trees and wreaths and garland with snowflake lights projected on walls to add to the festive decor that extends to the wonderfully lit up exterior.

## EVENTS

GIAA Executive  
 Manager Addresses  
 Guam Industry Forum

On Nov. 15th, GIAA Executive Manager John "JQ" Quinata shared recovery efforts and other initiatives at the airport to support additional air service to Guam at the 2022 Guam Industry Forum organized by the Guam Contractors License Board and the Guam Chamber of Commerce.

The A.B. Won Pat International Airport Authority, Guam (GIAA) is a self-sustaining autonomous government agency, charged with the mission to ensure the safety and security of the traveling public, maintain superior and reliable level of airport services, and support the development of air services and facilities which are integral to the island's economic growth.

## Annual Airport Preparation and Training for Emergencies

GIAA Air Terminal Manager Juan Reyes and his team from the Operations Division conducted emergency preparation training for critical airport employees who comprise emergency response teams, Go Teams A & B. On Friday, November 18th members of both Go Teams, Division Heads and management went through all the necessary response activities and action items, upon establishing an Emergency Coordination Center (ECC) to ensure a coordinated response in the event that any emergency situation takes place on the airport's immense property footprint. Consistent training with a critical review of SOPs for improvement is necessary to ensure that all employees are game ready whenever an emergency situation may arise!

## ARFF Inspires Students at Ordot Chalan Pago Elementary School Career Day

On Friday, November 18th Platoon B from GIAA's Aircraft Rescue & Fire Fighting (ARFF) division participated in Career Day at Ordot Chalan Pago Elementary School. A group of very excited First Graders got to deploy a fire hose and learn about all the interesting tools used by firefighters and see all the components of a fire truck. Let's hope that our Airport ARFF team helped plant an inquisitive "spark" in the minds of these children to dream and work towards becoming firefighters to serve our island and future travelers.

## Airport Police Active Shooter Exercise

The Airport's Police Division continues to extend their law enforcement expertise with their community outreach training programs, in partnership with the Guam Police Department. On Nov. 8th, AP Lt. Ray Reyes and APOII Joe Anderson conducted Active Shooter practical exercise with 250 staff from the the Guam Community College. Similar training was also conducted over the month to approximately 800 staff from the University of Guam as well.

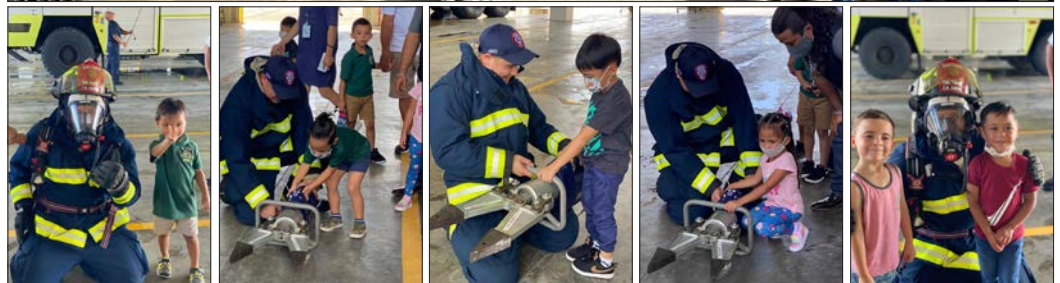

## Successful Timed Drill

Frequent and regular training in emergency response only makes for an effective Airport response machinery. On Nov. 7th the Operations Division executed a timed response drill and the ARFF and Airport Police Divisions responded within the required time established by the Federal Aviation Administration (FAA).

## First School Tour of New ARFF Facility

Students from the Head Start Program of P.C. Lujan Elementary School got to be the very first group of students to tour the new \$27.2 million ARFF facility that just opened its doors in August. The new state-of-the-art facility replaces an old and outdated building built in the late 50's/ early 60's that the airport inherited when it took over operations of the Naval Air Station airfield in 1995. On Nov. 22nd the students got to tour the station which features the latest technology, enhancing our ARFF units' response readiness. The excited children got to see the quickly executed timed suit-up of ARFF personnel. The unique tools used by fire fighters were also shown to the children and their purposes explained.

## DRIVES FOR TOYS & TOILETRIES

As we kick off the holiday season and in the spirit of giving and being thankful, both Airport Authority and Guam International Airport Authority Employee Org. (GIAAEO) have decided to support charitable efforts underway in the community. GIAA is spearheading a **Toy Drive** at the terminal to **support Toys for Tots**. Toys will be collected up until Monday, Dec. 5th. as specified in the flyer. The GIAAEO, on

the other hand is **supporting Sanctuary, Inc.** another local worthy organization **with a Toiletry Drive**. Toiletries for Sanctuary will be collected up until Monday, Dec. 19th. The Airport Family is encouraged to support and give what they can to these non-profit organizations that provide much needed services and programs to support the children and youth of our island community. Everyone's generosity is appreciated!

On Wednesday, Nov. 23rd, the Airport Family gathered and broke bread together giving thanks for the blessings we've received after the challenges of the extended global pandemic. Everyone brought the festive spirit to the amazing autumn festival themed celebration, wonderfully decorated by our creative staff spearheaded

by the Accounting Division. A bountiful potluck feast was enjoyed by all in anticipation to a muchappreciated four-day Thanksgiving Holiday weekend.
