Resolution No. 26-24

The Board hereby approves the agenda of January 8, 2026, special meeting, as presented.

3. NEW BUSINESS

- A. Adoption of GIAA Policies and Procedures for Competitive Solicitation, Selection, and Award of Concession Agreements authorized by Public Law 38–21

Deputy Executive Manager (DEM) Artemio R.A. Hernandez, Ph.D., presented this item to the Board. The adoption of the draft policies and procedures for the competitive solicitation, selection, and award of concession agreements (“Concession Policies”) pursuant to § 1203.1(a)(1) of Article 2, Chapter 1, Title 12 of the Guam Code Annotated, is authorized by Public Law 38-21 and in accordance with Executive Order No. 2025-05.

Public Law 38-21 provides authority to the A. B. Won Pat International Airport Authority, Guam (GIAA) to adopt policies and procedures for the solicitation, selection, and award of agreements between the GIAA and any other party for the use of airport facilities and properties for airport purposes and/or visitor-related activities.

Specifically, relative to concession agreements, Public Law 38-21 provides that such agreements shall be authorized for a term of up to fifteen (15) years and shall be subject to policies and procedures for the competitive solicitation, selection, and award of concession agreements adopted from time to time by the GIAA’s Board of Directors.

Notice for Public Comment. Notice for Public Comments (for no less than 30 calendar days) was posted on Guam Daily Post on November 7 & December 2, 2025, December 22 & December 30, 2025, and January 2, 2026.

Notices for public comment and access to proposed policies and procedures, along with the fiscal assessment were posted on GIAA website at www.guamairport.com beginning November 7, 2025, with a deadline for comments extended to 5pm, January 5, 2026.

Notices for public comments were also sent to over 85 entities via email that included the following: GIAA current and prospective concessionaires, airlines, tenants and stakeholders, industry partners to include Guam Visitor’s Bureau, Guam Chamber of Commerce, Guam Hotel & Restaurant Association, local and federal partners. Notices were also sent to the appeals panel to include the Director of the Department of Administration, GSA Chief Procurement Officer and GSA Procurement Attorney.

The Public Hearing (held no sooner than thirty (30) calendar days after posting of the fiscal assessment and policies and procedures) was noticed in the Guam Daily Post on December 22, 2025, December 30, 2025, and January 2, 2026. The public hearing was held at 3pm, January 5, 2026, at the GIAA Conference Rooms 1 & 2, broadcast via www.guamairport.com and audio recorded.

It is noted that GIAA did not receive any public comments specific to the proposed policies and procedures. DEM Hernandez then discussed the revisions to the concession policies during the public comment and notice period.

One minor change is recommended in Article 5 § 5101 (a) A three-person Appeal Panel, designated by I Maga Hagan Guahan shall be constituted to administratively consider appeals from decisions of the Executive Manager, as allowed by these Concession Policies and Procedures. Prior to any solicitation for a concession agreement. Upon adoption of the Concession Policies and Procedures, GIAA shall enter a memorandum of understanding with I Maga Hagan Guahan to constitute such panel, which shall include the Director of DOA, the Chief Procurement Officer of the General Services Agency and the General Services Agency Procurement Counsel.

This change provides a standing appeals panel rather than convening a separate panel for each concession solicitation. This change is intended to reduce delays in convening a panel and promote efficiency and consistency in the process. In the event of conflicts of interest that preclude an individual panel member's participation, the policies and procedures provide the Governor with the Authority to “appoint any other appropriate individual employed with the Executive Branch of the Government of Guam.”

Following approval of the GIAA Board, the policies and procedures will be submitted to the Governor of Guam for her review and approval.

Management recommends the adoption of the Proposed Policies and Procedures for the Solicitation, Selection, and Award of Concession Agreements and the one proposed change noted above, subject to legal review and shall become effective upon approval and signature of the Governor of Guam.

On motion duly made by Director Tainatongo, seconded by Director Garcia, the following resolution was unanimously passed:

Resolution No. 26-23

The Board hereby moves to adopt GIAA Policies and Procedures for Competitive Solicitation, Selection, and Award of Concession Agreements authorized by Public Law 38-21, as presented.

- B. Adoption of GIAA Policies and Procedures for the Solicitation, Selection, Award, and Operation of Lease Agreements authorized by Public Law 38-21

Dem Hernandez also presented to the board This Board item. Adoption of proposed policies and procedures for the solicitation, selection, award and operation of Airport Leases (“Lease Policies”) pursuant to § 1203.1(a)(2) of Article 2, Chapter 1, Title 12 of the Guam Code Annotated, is authorized by Public Law 38-21.

Specifically, relative to lease agreements, Public Law 38-21 provides that such agreements shall be authorized for a term of up to fifty (50) years and shall be subject to applicable Federal Aviation Administration (FAA) requirements for aeronautical and non-aeronautical uses to include rates charged for non-aeronautical uses at fair market value pursuant to GIAA requirements and policies and procedures adopted from time to time by the GIAA Board of Directors.

At its meeting of November 13, 2025, the GIAA Board of Directors were provided notice of the GIAA Proposed Policies and Procedures for the Competitive Solicitation, Selections, Award, and Operation of Lease Agreements as reflected in the attached Executive Summary (attachment 1). Following this meeting and as part of the adoption process, the following were accomplished:

Notices for public comments were also sent to over 85 entities via email that include current and prospective lessors, airlines, tenants, and stakeholders, industry partners to include the Guam Visitor’s Bureau, Guam Chamber of Commerce, Guam Hotel & Restaurant Association, local and federal partners.

Resolution No. 26-25

The Board hereby moves to adopt GIAA Policies and Procedures for the Solicitation, Selection, and Award, and Operation of Lease Agreements authorized by Public Law 38-21

C. Approval of GIAA Noise Compatibility Program Measures – 14 CFR Part 150

Mr. Frank Santos (GIAA TMG Consultant) reported on this item and mentioned that this is a continuing program that was started back in 2022. It is under AIP 116, and the value of this study is \$2.2 million, and GIAA is at the last phase. The Noise study is in accordance with Title 14 Code of Federal Regulations CFR Part 150. In 2003, the initial study was completed, and the noise exposure map and the noise compatibility program (NCP) have been adopted and governed our abatement measures since that time.

The A.B. Won Pat International Airport Authority, Guam (GIAA) is committed to being a good neighbor and a responsible operator of the Antonio B. Won Pat International Airport (GUM, Airport). As the Airport proprietor, GIAA is updating its Noise Compatibility Program (NCP) in accordance with Title 14 of the Code of Federal Regulation Part 150 (14 CFR Part 150 or Part 150). GIAA completed the original Part 150 Study for the Airport in 2003. The Federal Aviation Administration (FAA) accepted the Noise Exposure Map (NEM) in May 2003 and provided a Record of Approval for the GIAA-recommended Noise Compatibility Program (NCP) measures in November 2003.

A Part 150 Study is a voluntary and federally supervised formal process for airport operators to address land use compatibility with noise from aircraft operations. Part 150 Study includes the following two principal elements:

- The Noise Exposure Map (NEM) element describes the airport layout and operation, aircraft-related noise exposure, land uses in the airport environment, and the resulting noise/land use compatibility. Part 150 requires that the documentation address aircraft operations during two time periods: the year of submission and a forecast year of at least 5 years following the year of submission.
- The Noise Compatibility Program (NCP) element describes the actions of the airport proprietor recommends addressing existing and future noncompatible land use with noise exposure from aircraft operations. When GIAA submits its NCP to the FAA, the FAA will review, evaluate, and make determinations on the individual proposed measures in the FAA's Record of Approval.

Part 150 Study Update is divided into two phases:

- Phase 1 focuses on the development and submittal of the NEM to the FAA for acceptance as being completed in accordance with 14 CFR Part 150, and
- Phase 2 determines the GIAA-recommended measures to minimize noncompatible land uses from aircraft noise with the development and submittal of the NCP to the FAA for review and evaluation of the individual measures and FAA's determination of their consistency with the purposes of Part 150 that will be documented in the FAA's Record of Approval.

The NEM Update was submitted in December 2024 and was accepted by the FAA in April 2025. The approved NEMs are shown on Figures ES-1 and ES-2. Submitting the NCP Update to the FAA is the last step in the process of updating Part 150 study.

This document (included in packet) summarizes the results of the NCP phase of the Part 150 Study update which assesses actions an airport proprietor may consider to address existing and future noncompatible land use resulting from the noise of aircraft operations. Part 150 Study is part of the broader effort to address noise exposure resulting from aircraft operations; it covers a study area that includes the Airport and adjacent communities on Guam.

The 2029 forecast NEM analysis indicates 251 of the 303 housing units within the DNL 65 dB noise contour and the one noise sensitive site (Best Western Guam Airport Hotel) are potentially noncompatible with noise from Airport operations. For the NCP, GIAA is recommending including one new noise abatement measure and continuing one prior noise abatement measure with modification for the updated NCP. The two GIAA-recommended noise abatement measures are:

- Use of Intersection Departures on Runway 6L
- Use of ICAO-A Departure Procedures

The implementation of these two measures would decrease housing units by 90 and population by 270 within the DNL 65 dB contour compared to the 2029 forecast NEM. Implementation of the recommended noise abatement measures would result in 148 noncompatible housing units remaining, which is a reduction of 103 noncompatible housing units compared to the 2029 forecast NEM.

GIAA is recommending continuing two prior remedial land use measures and three prior preventative land use measures with modification for the updated NCP. Two of the prior preventative land use measures would be combined into one measure for this update. The four GIAA-recommended land use measures are:

- Land Use Rezoning Support
- Acquire Noncompatible Land
- Sound Insulate Noise-Sensitive Structures
- Establish and Implement an Airport Noise Overlay Zone

GIAA is recommending including three new program management measures, continuing one prior program management measure and continuing one prior program management measure with modification for the updated NCP. The five GIAA-recommended program management measures are:

- Noise Compatibility Staff
- Noise/Land Use Advisory Committee

- Update the Noise Exposure Map
- Update the Noise Compatibility Program
- Noise Abatement Signage

In December 2025, GIAA completed the public outreach components of Part 150 with the completion of the 30-day public comment period, public workshop and public hearing.

On motion duly made by Director Garcia, seconded by Director Tainatongo, the following resolution was unanimously passed:

Resolution No. 26-25

The Board hereby moves to approve GIAA Noise Compatibility Program Measures – 14 CFR Part 150

4. ADJOURNMENT
