PUBLIC ADVISORY

April 11, 2012

Airport Police to Conduct Speed and Seatbelt Enforcement

The A. B. Won Pat International Airport Authority, Guam (GIAA) would like to advise the public that Airport Police will be conducting speed and seatbelt enforcement, along Route 10-A, Tiyan, and other airport roadways. Drivers are advised to follow the speed limit of 15 miles per hour on the terminal frontal roadways on both the Arrivals and Departures Levels and to be aware of crossing pedestrians. Airport Police also advises drivers who utilize airport roadways to follow all posted speed limits and traffic directions given by Airport Police. Drivers and passengers are reminded to wear their seatbelts. The public is also strongly advised that, based on the new cell phone law, "it is unlawful for drivers to read, write, or send electronic messages, or use or be holding a mobile phone or similar electronic communications device while driving a vehicle." With the recent increase of traffic accidents, GIAA and Airport Police encourage safe and responsible driving on all airport and island roadways.

#

The A. B. Won Pat International Airport Authority, Guam is a self sustaining autonomous government agency, charged with the mission to ensure the safety and security of the traveling public, maintain a superior and reliable level of airport services, and support the development of air services and facilities which are integral to the island's economic growth.
